

# SAMANTHA WOODCOCK | FLIGHTS TEAM LEADER

## What does my role involve?

I work directly with our partners to hold, ticket and amend flight bookings across Lime, Aviate and Virgin Atlantic Flightstore. Our goal is to uphold legendary service, ensuring that the end passengers' flight experience is everything they hope it to be!

## What made me want to work in travel?

My parents encouraged my passion for travel and being able to work within the industry daily only makes it stronger. The most rewarding aspects of this role are working with our partners to secure the ideal flights they require for their passenger's dream trip.

## Fun fact about me?

My dream was to be an astronaut until, at age 16, I went on a space simulator and realised very quickly that I didn't agree with g-force!
